4 weeks!

All Tenses in ...

Is it possible to become perfect user of English tenses in a month? Well, the truth is, it is not possible. But four weeks is enough to gain a solid understanding how tenses work. Most grammar books and courses present tenses in isolation, making it difficult for students to see the big picture. Thanks to this unique holistic approach, you will discover that English tenses actually make sense and start using them more confidently. The course is offered at two levels of English competence: pre-intermediate and intermediate.

Course scope

Foundation and Overview: In this introductory part of the course, you will discover what is exactly is a tense. We will explore the importance of tenses in effective communication and provide an overview of the basic present, past, and future tenses. You will also practise the use of irregular verbs more intuitively.

Intermediate Tenses: In this section, we will delve deeper into perfect and continuous tenses. Through exposure to numerous examples and engaging activities, you will develop a greater command of storytelling by incorporating a wider range of tenses. This will empower you to effectively communicate narratives with enhanced precision and versatility.

Advanced Tenses: In this part we will elevate your understanding of tenses to a higher level. We will explore different scenarios where perfect continuous tenses are used. At advanced level, we will also examine conditional sentences and briefly touch upon the subjunctive mood and its relation to tenses.

Integration and Practical Application: Finally, our focus will be on integrating your knowledge. We will also address common errors and challenges that learners encounter. Through engaging activities you will become more comfortable and competent in using tenses in real-life situations.

You will improve the use of following tenses

- Present Simple continuous
- Present Continuous
- Present Perfect
- Past Simple

My name is Jacek Olender, and I have been an English teacher for nearly 30 years. During this time, I have had the pleasure of assisting thousands of students in achieving their goal of becoming more confident users of the English language. Alongside my teaching, I also host [PoLoop Angielski Podcast](#) and run [PoLoop Angielski Blog](#).

While my school, [English Connection](#), is based in Warsaw, we offer online classes that enable us to work together regardless of your location.

All summer courses are personally conducted by me, so I am looking forward to meeting you in this summer.
